Presidents Report

Today, I welcome our Greek Cousins from Sydney, **Sydney Olympic**. I welcome their Committee, Coach and Players. They have struck some good form in recent weeks and I wish them well for the remainder of the Season.

I also would like to remind our supporters that Season 1989 is not over yet. With some good results in the next few weeks we will be a real chance for the Top 5. Had we been a slight bit luckier we could have won the Preston and Adelaide City games and would already have been in the Top 5.

So I ask all supporters to get behind the team and give all the support they can in our bid for the Top 5.

Match Report

Prior to last week, the previous weeks had been disappointing for Hellas to say the least. Hellas lost two home games on the trot after looking like winning both in the early stages of both games. Against Preston, Hellas took the lead in the second minute with another brilliant Trimboli goal. However two defensive errors allowed Preston to «steal» the game. Final score Hellas 1 Preston 2.

Against Adelaide City again the team had the match stolen from their hands with a goal by the Visitors eight minutes from full time. Final score Hellas 0 Adelaide City 1.

Last week Hellas ventured out to Wollongong and thrashed the Wolves 4:1. Had the Hellas strikers been more accurate the score could easily have been 8:1. Nevertheless it shows that Hellas may have turned the corner and has commenced the battle for the Top 5 Berth.
